

Workshop “Facing growing Urban Mobility Challenges”

Prof.-Univ. Klaus Banse
President & CEO

Networks for Mobility World Congress 2009
Stuttgart, Germany

Questions & Focus

- What are our mobility requirements and how do they evolve?
- What are today's challenges?
- What will be tomorrow's challenges?
- What kinds of solutions exist today?
- What experiences exist and are documented?
- What kinds of solution might exist in the future?
- How can we classify the solutions?
- How can we integrate the solutions?

- Identify and start solving tomorrows problems today
- Solve tomorrows challenges using today's and tomorrow's technologies

Experts

- **Richard MEJÍA, Christian RUDIGIER**
