

# traffic shift: bicycles and cargo bikes

Clemens Rudolf at cities for mobility congress  
Stuttgart 2014

# current state: inefficiency

- peak everything
- economic - , spacial - and time inefficiency cars
  - increasing mobility?
  - downgrade or gain of live quality

# shift - but how?

- incentives and design
- attitude and impact of traffic planing
- new movement patterns

# bikes & cargo bikes

- infrastructure
- pedal electric cycle
- availability

# examples

**Lastenrad  
(Zweirad)**

**Lastenrad  
(Dreirad)**

**Lastenrad  
(Vierrad)**

**Lasten-  
anhänger**

**Kinder-  
anhänger**

**Trolleys**

**Taschen**

**Körbe**

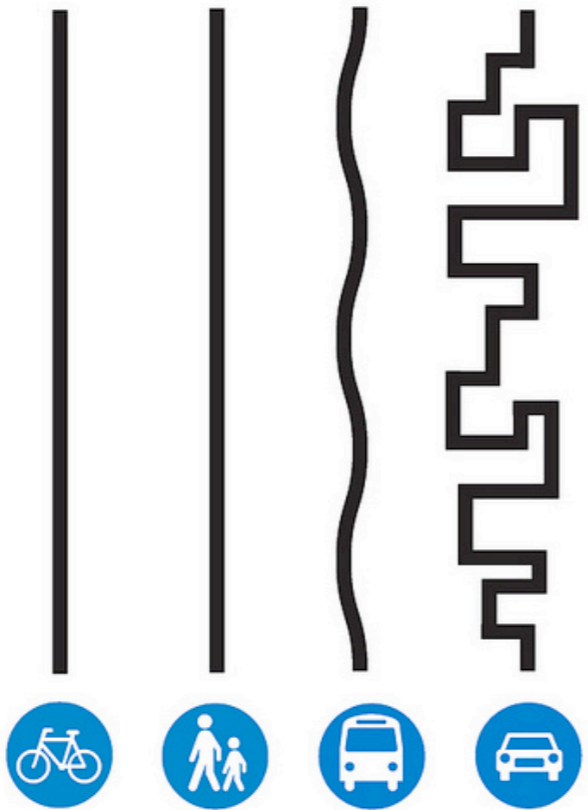

**E-Transport-  
räder**
