

Sustainable Mobility in Stuttgart

A task for all

Wolfgang Forderer

Head of Mobility Department
Mayor's Policy Office, City of Stuttgart

Welcome to the two Stuttgarts

**Car-city Stuttgart:
„The capital of congestion“**

**890.000 cars pass the
city borders daily**

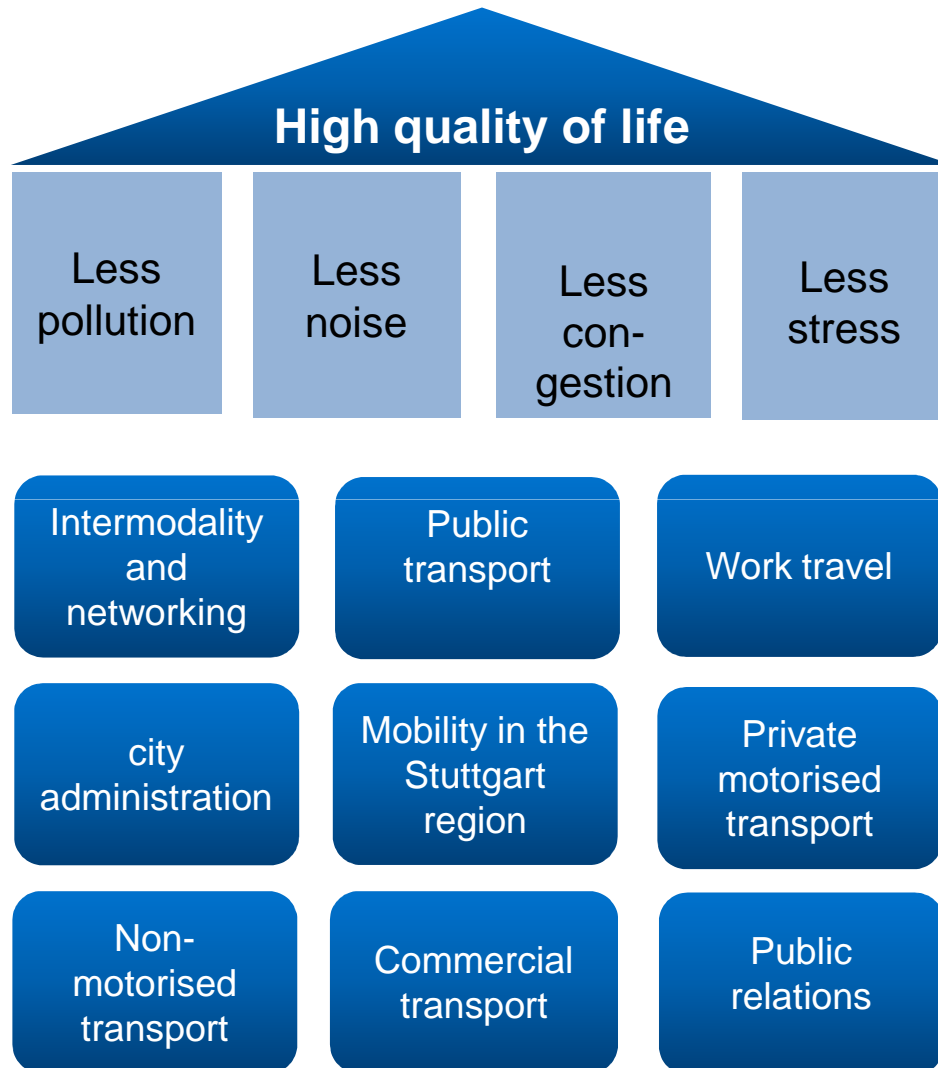

**Green city Stuttgart
„The capital of green“**

**40 % of the area under
landscape-protection**

Action plan on sustainable mobility

How cant we get from
this city

...to that city?

Role of cities – the example of e-mobility

Shaper

Regulator

Roles of the City

User

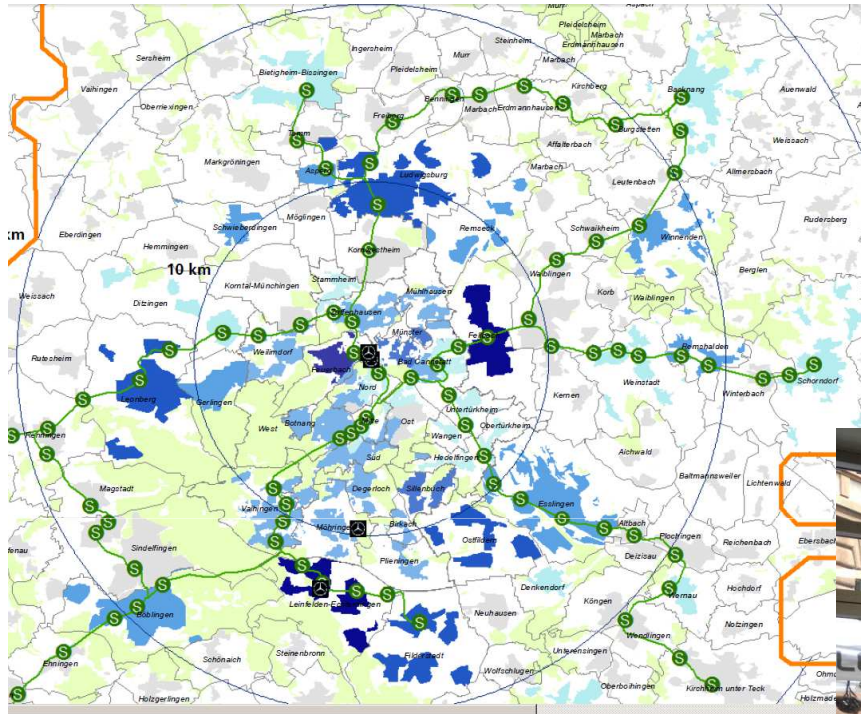

Promoter

Role of citizens – active participation

Role of companies – active participation

Conclusion:

Sustainable urban mobility is a task for all

The city can not solve all problems – even if we do our best!

**Thank
you!**
